2021 GRADUATION MESSAGE

My warmest congratulations to the graduates of class
2020- 2021!

Congratulations dear graduates for reaching the zenith of your high school years. With love and pride, I am very grateful that you were able to surpass the challenges despite the threats of the pandemic that caused uncertainty in continuing education. Kudos to your parents who are always ready to give up their personal comfort so that you can have the resources needed to learn. I also commend the efforts of your school principal and your teachers for the prudent stewardship they extended in this very challenging situation just to deliver faithful service. My gratitude extends too to our external partners in education; our Local Government Officials, private stakeholders, and other concerned individuals who voluntarily stretched out their resources and involvement that contributed a lot in the implementation process of the new normal in education. Thank you for the oneness in this pursuit for our Butuanon learners. Kudos to us for achieving learning amid trials. Now, we reap the success of our collaboration as we come to this graduation celebration with the theme, *Strengthening the Quality of Education Amid the Covid- 19 Pandemic*.

My dear graduates, your optimism, fortitude, and diligence have reached you this far. As you savor your academic achievements, learn from the challenges you experienced and keep the memories that molded you. Always have in mind the life's lessons and values you learned. May all the knowledge and skills you earned be cherished and be positively developed as you

enter the next chapter of your learning career. As Nelson Mandela, the great educator said, “Education is the most powerful weapon we can use to change the world”. If we are educated, we know where to place ourselves and we understand the law of life to survive. You are our city’s hope and strength. Be steadfast with your ambitions and secure yourself with the success that is coming. Be brave to create your own landmark may it be small or big. Remember that life is a choice, and you can change the course of your current situation if you want to. Anywhere, anytime you can make a difference and you can help our city in your own ways. Believe in yourself, trust the Lord, work hard, and He will do the rest. Consider the knowledge and skills you gained in your studies as your armor in the demands of the society.

Congratulations!

MANUEL O. CABERTE
Assistant Schools Division Superintendent
